## Over 11's Programme Resources

**Programme pack** is the key resource for leaders working with these age groups. Containing 100's of programme topics the Discover programme is based around the headings of Community, Skills and Recreation. Challenge Plus is based around Projects and Challenges under the headings of Community, Life Skills and Recreation & Leisure.

**Open Certificate** is for general use, and can be awarded on completion of a programme topic, for competitions or participation.

**Leader Record Cards** are used to record a member's progress in the award scheme and to keep a record of important details, such as address, contact numbers, etc. The "Company Section / Seniors' Record Card" is for all members of the 11 to 18 age group and specifically covers the Discover programme awards and major awards. The "Seniors' Record Card" is to be used in addition for recording progress with the Challenge Plus programme awards.

**I-File Handbook** is a resource for all young people in the over 11's age group. The I-File provides young people with information about the BB, the programmes and award scheme and provides a convenient place to record their achievements. It is suggested that all new members in the over 11's age group are given their own copy.
